

Qualifying Q-Step Courses/Modules: If you are a registered student on one of the below listed degree courses or modules please indicate that you are a Q-Step student on the application form and you will be considered for a Q-Step bursary.

Institution	Programme/Module title	D=Degree M= Module
University of Bristol	BSc Sociology with Quantitative Research Methods with Study Abroad	D
University of Bristol	Bsc Childhood Studies with Quantitative Research Methods	D
University of Bristol	M.Sci Childhood Studies with Quantitative Research Methods	D
University of Bristol	BSc Politics with Quantitative Research Methods	D
University of Bristol	M.Sci Politics with Quantitative Research Methods	D
University of Bristol	BSc Social Policy with Quantitative Research Methods	D
University of Bristol	M.Sci Social Policy with Quantitative Research Methods	D
University of Bristol	BSc Sociology with Quantitative Research Methods	D
University of Bristol	M.Sci Sociology with Quantitative Research Methods	D
University of Bristol	BSc Geography with Quantitative Research Methods	D
University of Bristol	M.Sci Geography with Quantitative Research Methods	D
University of Bristol	BSc Politics with Quantitative Research Methods with Study Abroad	D
University of Bristol	Convincing Stories? Numbers as Evidence in the Social Sciences	M
University of Bristol	Segregation and inequality in the UK (measurement and debate)	M
University of Bristol	Principles of Quantitative Social Science	M
University of Bristol	Conducting a Research Project Using Secondary Data	M
University of Bristol	Dissertation (with Quantitative Research Methods) (Geography)	M
University of Bristol	Spatial data analysis, spatial regression modelling and GIS in R	M
University of Bristol	Dissertation (with Quantitative Research Methods) (Childhood Studies)	M
University of Bristol	Dissertation (with Quantitative Research Methods) (Politics)	M
University of Bristol	Dissertation (with Quantitative Research Methods) (Social Policy)	M
University of Bristol	Dissertation (with Quantitative Research Methods) (Sociology)	M
University of Bristol	Advanced Quantitative Methods for Social and Policy Research	M

University of Bristol	Advanced Quantitative Research project GEOGM0025	M
University of Bristol	Advanced Quantitative Research project SPAIM0039	M
University of Bristol	Advanced Quantitative Research project SPOLM0038	M
Cardiff University	BSc Social Analytics	D
Cardiff University	Philosophy & Methodology of the Social Sciences	M
Cardiff University	Philosophy & Methodology of the Social Sciences	M
Cardiff University	Knowing the Social World Online/ Offline	M
Cardiff University	Knowing the Social World Online/ Offline SI0278	M
Cardiff University	Real World Research (Placement)	M
Cardiff University	Lies, Damned Lies and Statistics	M
Cardiff University	Lies, Damned Lies and Statistics	M
Cardiff University	Lies, Damned Lies and Statistics	M
Cardiff University	Analysing Social Change	M
Cardiff University	Experiments in Knowing	M
Cardiff University	Dissertation	M
City University	B.Sc Sociology with Quantitative Methods	D
City University	B.Sc Criminology with Quantitative Methods	D
City University	B.Sc Criminology and Sociology with Quantitative Methods	D
City University	B.Sc Sociology with Psychology and Quantitative Methods	D
City University	B.Sc Media, Communication and Sociology with Quantitative Methods	D
City University	Quantitative Analysis of Social Research Data	M
City University	Visualising Society	M
City University	Quantitative Data Placement	M
City University	Poverty: What Counts?	M
City University	Multivariate Analysis	M
University of Edinburgh	MA (Hons) International Relations with Quantitative Methods*	D
University of Edinburgh	MA (Hons) Politics with Quantitative Methods	D
University of Edinburgh	MA (Hons) Social Policy with Quantitative Methods	D
University of Edinburgh	MA (Hons) Sociology with Quantitative Methods	D
University of Edinburgh	MA (Hons) Government, Policy and Society with Quantitative Methods	D
University of Edinburgh	Mathematics for Social Scientists	M
University of Edinburgh	Doing Social Research with Statistics	M
University of Edinburgh	Introduction to Political Data Analysis	M
University of Edinburgh	Fundamentals of Social Policy 2	M

University of Edinburgh	Social Policy Enquiry (renamed Evidence, Politics and Policy from 2015-16)	M
University of Edinburgh	Statistical Modelling	M
University of Edinburgh	QM taster classes for Advanced Legal Methods	M
University of Edinburgh	Multilevel Modelling for Social Science	M
University of Edinburgh	Introduction to Statistics in Social Science	M
University of Edinburgh	Education 2A (research methods)	M
University of Edinburgh	Public Policy: Agenda-Setting	M
University of Edinburgh	Contemporary Issues in Political Science (Voting)	M
University of Edinburgh	Neuropolitics	M
University of Edinburgh	Social Demography	M
University of Edinburgh	Rethinking the Financial Crisis	M
University of Edinburgh	Doing Survey Research	M
University of Edinburgh	Statistical Literacy	M
University of Edinburgh	Analysing Social Networks with Statistics	M
University of Edinburgh	Research Design in Politics and International Relations	M
University of Edinburgh	Bayesian Statistics	M
University of Edinburgh	Challenges in Statistics	M
University of Edinburgh	International Political Economy	M
University of Edinburgh	International Politics of Money	M
University of Edinburgh	Researching Contemporary Britain Using Longitudinal Data	M
University of Exeter	BSc Politics and International Relations	D
University of Exeter	BSc Politics and International Relations with Study Abroad	D
University of Exeter	BSc Sociology	D
University of Exeter	BSc Sociology with Study Abroad	D
University of Exeter	BSc Criminology	D
University of Exeter	BSc Criminology with Study Abroad	D
University of Exeter	MSc Policy Analytics	D
University of Exeter	M.Res Advanced Quantitative Methods in Social Sciences	D
University of Exeter	Data Analysis in Social Science (Term 1) POL1041	M
University of Exeter	Data Analysis in Social Science (Term 1) SOC1041	M
University of Exeter	Data Analysis in Social Science II (Term 2) POL2077 (Revised POL 2070)	M
University of Exeter	Data Analysis in Social Science II (Term 2) SOC2077 (Revised POL 2070)	M
University of Exeter	Data Analysis in Social Science II (Term 2) POL2070	M
University of Exeter	Introduction to Social Data (Term 2) SOC1004	M
University of Exeter	Introduction to Social Data (Term 2) POL1008	M

University of Exeter	Global Environmental Politics and Policy (Term 1/2) POL3077	M
University of Exeter	Immigration in Western Societies (Term 1) SOC2091	M
University of Exeter	Immigration in Western Societies (Term 1) SOC3091	M
University of Exeter	Introduction to Terrorism Studies (Term 2) SOC2092	M
University of Exeter	Introduction to Terrorism Studies (Term 2) SOC3092	M
University of Exeter	Proficiency (PADA)	M
University of Exeter	Data Analysis in the Workplace (Term 1) SSI2002	M
University of Exeter	Comparative Criminology (Term 2) SOC2035	M
University of Exeter	Comparative Criminology (Term 2) SOC3034	M
University of Exeter	Introduction to Social Network Analysis (Term 2) POL2083	M
University of Exeter	Data Analysis in Social Science III [not Statistical Methods for Social Data] (Term 2) SOC3094	M
University of Exeter	The Economics of Politics (Term 1) POL2046	M
University of Exeter	Experimental Research in the Social Science (Term 1) POL2071	M
University of Exeter	Thinking about Race: Perspectives from the Biological and Social Science (Term 1) POL2081 (<i>Revised POL 2072</i>)	M
University of Exeter	Thinking about Race: Perspectives from the Biological and Social Science (Term 1) <i>POL 2072</i>	M
University of Exeter	Latin American Parties, Politics and Elections (Term 1) POL3180	M
University of Exeter	Politics through the Life Course (also a 15 credit module POL3219)	M
University of Exeter	Political Engagement in Modern Britain	M
University of Exeter	Political Participation	M
University of Exeter	Political Participation POL3146	M
University of Exeter	Political Participation POL3172 (<i>Revised POL3146</i>)	M
University of Exeter	Policy Analytics and Evidence Based Decision Making SOCM028	M
University of Exeter	Sociology of Family and Gender SOC2039	M
University of Exeter	Sociology of Family and Gender SOC3108	M
University of Exeter	Mathematics and Programming Skills for Policy Analytics POLM030	M
University of Exeter	Data Visualisation SOCM029	M
University of Exeter	Dissertation/Industry Based Research Project	M
University of Exeter	Policy Evaluation in Education SOCM025	M
University of Exeter	Text as Data POLM150	M
University of Exeter	Longitudinal Data in Family Policy SOCM026	M

University of Exeter	Research Design Methods and Skills SSIM904	M
University of Exeter	Maths and Programming for Social Scientists SSIM905	M
University of Exeter	Quantitative Dissertation SSIM906	M
University of Glasgow	MA (Hons) Sociology with Quantitative Methods in the Social Sciences*	D
University of Glasgow	MA (Hons) Politics with Quantitative Methods in the Social Sciences	D
University of Glasgow	MA (Hons) Social & Public Policy with Quantitative Methods in the Social Sciences	D
University of Glasgow	MA (Hons) Economic & Social History with Quantitative Methods in the Social Sciences	D
University of Glasgow	MA (Hons) Central and Eastern European Studies with Quantitative Methods in the Social Sciences	D
University of Glasgow	Master in Education	D
University of Glasgow	Quantitative Methods in the Social Sciences Level 1	M
University of Glasgow	Quantitative Methods in the Social Sciences Level 2	M
University of Glasgow	Educational Enquiry 4	M
University of Glasgow	Research Design Level 3	M
University of Glasgow	Advanced Regression level 3	M
University of Glasgow	Measurement and Scaling	M
University of Glasgow	Social inequality of Education	M
University of Kent	PROGRAMME: BSc Statistical Social Research	D
University of Kent	PROGRAMME: BA in Sociology / Social Policy / Criminology / Business Administration, Politics & IR, Law with quantitative research	D
University of Kent	MODULE PO326: An Introduction to Political Science	M
University of Kent	MODULE PO327: An Introduction to Comparative Politics	M
University of Kent	MODULE: SO342: A Short Introduction to Quantitative Research (summer school module)	M
University of Kent	MODULE SO341: Critical Thinking (full)	M
University of Kent	MODULE PO661 Fact, Evidence, knowledge and power	M
University of Kent	MODULE PO657 Political Research and Analysis	M
University of Kent	MODULE SO410 Research with Numbers	M
University of Kent	MODULE SO746 How to win arguments with numbers	M
University of Kent	MODULE SO744 The power and limits of causal analysis	M
University of Kent	MODULE SE536 Big Data	M
University of Kent	SO748 Placement: The practice of quantitative social research	M
University of Kent	SO756 Quantitative Research Dissertation	M

University of Kent	Advanced Regression short graduate course	M
University of Kent	Longitudinal analysis - short graduate course	M
University of Kent	Multi-level model - short graduate course	M
University of Kent	Experimental Design - short graduate course	M
University of Kent	Introduction to Stata - short graduate course	M
University of Kent	MODULE SO602 Social Research Methods	M
University of Leeds	BA Politics with Quantitative Methods	D
University of Leeds	BA Politics and Parliamentary Studies with Quantitative Methods	D
University of Leeds	BA International Development with Quantitative Methods	D
University of Leeds	BA International Relations with Quantitative Methods	D
University of Leeds	Research Methods (20 credit, Level 2 module) across semesters 1 & 2	M
University of Leeds	Key Debates in Social Policy (20 credit, Level 2)	M
University of Leeds	Understanding and researching the city (10 credit, Level 1 module)	M
University of Leeds	Understanding Data in the Social Sciences (10 credit, Level 1 module) Only running until 2017/18.	M
University of Leeds	Understanding Statistics in the Social Sciences (Level 1)	M
University of Leeds	People Analytics (20 credits)	M
University of Leeds	Analysing Data in Politics, Development and IR (20 credits)	M
University of Leeds	Advanced Statistical Analysis (20 credits)	M
University of Leeds	Dissertation with Quantitative Analysis (40 credits)	M
University of Leeds	Quantitative Social Research	M
University of Leeds	Sociology of Work	M
University of Leeds	Introduction to Programming for Political Science	M
University of Leeds	Introduction to Effective Decision Making	M
University of Leeds	Advanced Management Decision Making	M
University of Leeds	How Managers Make Decisions	M
University of Leeds	Current issues in Decision Making	M
University of Leeds	Management Decision Making	M
University of Leeds	Research Methods: Ideas and Practice in Human Geography	M
University of Leeds	People Place and Politics	M
University of Leeds	HRM Research Methods and Practice	M
University of Leeds	Management research and analysis	M
University of Leeds	Research Methods in International Business	M
University of Leeds	Understanding Data in the Social Sciences (from 2018/19)	M
University of Leeds	Data Visualisation, Data Reduction, and Crime	M
Manchester Metropolitan University (MMU)	BSc in Sociology with Quantitative Methods	D

Manchester Metropolitan University (MMU)	BSc in Criminology with Quantitative Methods	D
Manchester Metropolitan University (MMU)	BSc in Criminology and Sociology with Quantitative Methods	D
Manchester Metropolitan University (MMU)	Msc in Applied Quantitative Methods	D
Manchester Metropolitan University (MMU)	Taster MSc in Applied Quantitative Methods	D
Manchester Metropolitan University (MMU)	Becoming a Social Researcher	M
Manchester Metropolitan University (MMU)	Quantitative Data Analysis	M
Manchester Metropolitan University (MMU)	Applied Quantitative Dissertation	M
Manchester Metropolitan University (MMU)	Society Counts	M
Manchester Metropolitan University (MMU)	Working with Quantitative Evidence	M
University of Manchester	BA (Social Sciences) Sociology and Quantitative Methods	D
University of Manchester	BA (Social Sciences) Politics and Quantitative Methods	D
University of Manchester	BA (Social Sciences) Criminology and Quantitative Methods	D
University of Manchester	BA (Social Sciences) Philosophy and Quantitative Methods	D
University of Manchester	BA (Social Sciences) Social Anthropology and Quantitative Methods	D
University of Manchester	Unequal Societies: Health, wellbeing and happiness (L1: Social Stats)	M
University of Manchester	Understanding Social Media (L1 Social Stats)	M
University of Manchester	Research Design and statistical inference (L2 Social Stats)	M
University of Manchester	Market Research (L2 Social Stats)	M
University of Manchester	Modelling Social Inequality (L3 Social Stats)	M
University of Manchester	Advanced Social Network Analysis (L3 Social Stats)	M
University of Manchester	Research and Study Skills for Politics (L1 Politics) (Embedded data workshop)	M
University of Manchester	Making Sense of Politics (L1 Politics)	M
University of Manchester	Short Dissertation: Secondary data analysis stream (L3 Criminology)	M
University of Manchester	Crime Mapping: An introduction to GIS and spatial analysis (L2 Criminology)	M
University of Manchester	Researching Culture and Society (L1 Sociology)	M
University of Manchester	Sociology Dissertation (L3 Sociology) (embedded data workshop)	M
University of Manchester	Understanding Political Choice in Britain (L3 Politics)	M
University of Manchester	Essentials in Survey Design and Analysis (L2 Social Stats)	M
University of Manchester	Changing Social Attitudes (L2 Sociology)	M
University of Manchester	Patterns of Social Inequality(L2 Sociology)	M

University of Manchester	Quantitative Methods in Language Sciences (L2 Linguistics)	M
University of Oxford	BA History and Politics	D
University of Oxford	BA Philosophy, Politics and Economics	D
University of Oxford	BA Human Sciences	D
University of Oxford	Political Analysis I	M
University of Oxford	Political Analysis II	M
University of Oxford	Supervised Dissertation in Quantitative Methods	M
University of Oxford	Quantitative Methods in Human Sciences	M
Queen's University Belfast (QUB)	BSc Sociology with Quantitative Methods	D
Queen's University Belfast (QUB)	Visualising Society	M
Queen's University Belfast (QUB)	Researching the Social World	M
Queen's University Belfast (QUB)	Theory Counts	M
Queen's University Belfast (QUB)	Social Identity	M
Queen's University Belfast (QUB)	Political Parties and Elections in Northern Ireland	M
Queen's University Belfast (QUB)	Comparing the local and Global	M
Queen's University Belfast (QUB)	Researching Change across the lifecourse	M
Queen's University Belfast (QUB)	Psychological Perspectives on Crime	M
Queen's University Belfast (QUB)	Comparative Social Inequalities	M
Queen's University Belfast (QUB)	Sociology of the Family	M
Queen's University Belfast (QUB)	Digital Society	M
University of Sheffield	BA in Quantitative Social Sciences	D
University of Sheffield	BSc/Applied Social Sciences	D
University of Sheffield	BA in Applied Social Sciences	D
University of Sheffield	Data Visualisation	M
University of Sheffield	Introductory Quantitative Data Analysis for Social Scientists	M
University of Sheffield	Introductory Research Project in Quantitative Social Science	M
University of Sheffield	Survey Design and Data Collection	M
University of Sheffield	Doing Quantitative Research	M
University of Sheffield	Placement	M
University of Sheffield	Intermediate Research Project in Quantitative Social Science	M
University of Sheffield	Multivariate Data Analysis in Social Science	M
University of Sheffield	Advanced Research Project in Quantitative Social Science	M
University of Sheffield	Student Conference in Quantitative Social Science	M
University of Sheffield	Doing Mixed Methods Research	M

University of Sheffield	Lies, Damned Lies and Statistics	M
University College London (UCL)	B.Sc. (Hons) Philosophy, Politics & Economics	D
University College London (UCL)	B.Sc. (Hons) Population Health	D
University College London (UCL)	BA (Hons) Geography with Quantitative Methods	D
University College London (UCL)	BSc (Hons) Social Sciences with Quantitative Methods	D
University College London (UCL)	BA (Hons) European Social and Political Sciences	D
University College London (UCL)	Introduction to Quantitative Research Methods .5 CU	M
University College London (UCL)	Data Analysis 1 CU	M
University College London (UCL)	Economic Geography I	M
University College London (UCL)	Economic Geography II	M
University College London (UCL)	Geocomputation and Computational Social Science	M
University College London (UCL)	Mining of Social and Geographic Datasets	M
University College London (UCL)	Measuring Population Health	M
University College London (UCL)	Social Determinants of Health	M
University College London (UCL)	Epidemiological Transition	M
University College London (UCL)	Research Methods in Population	M
University College London (UCL)	Principles of Social Science Research	M
University College London (UCL)	Life Course	M
University College London (UCL)	Causal Analysis	M
University College London (UCL)	Advanced Topics in Data Science	M
University of Warwick	BA Politics, International Studies and Quantitative Methods	D
University of Warwick	BA Sociology and Quantitative Methods	D
University of Warwick	MSc Big Data and Digital Futures	D
University of Warwick	MSc Quantitative Social Research	D
University of Warwick	MA Politics, Big Data and Quantitative Methods	D
University of Warwick	Introduction to Quantitative Methods	M
University of Warwick	Digital Data, Data collection	M
University of Warwick	Introduction to Quantitative Methods in Social Sciences I	M
University of Warwick	Introduction to Quantitative Methods in Social Sciences II	M

University of Warwick	Intermediate Quantitative Methods in Social Sciences I	M
University of Warwick	Intermediate Quantitative Methods in Social Sciences II	M
University of Warwick	Numbers in the Workplace (Placement)	M
University of Warwick	Advanced Quantitative Methods	M
University of Warwick	Quantitative Dissertation	M
University of Warwick	Understanding Social Inequalities: Issues and Methods	M
University of Warwick	Fundamentals in Quantitative Research Methods	M
University of Warwick	Advanced Quantitative Research	M
University of Warwick	Big Data: Hype or Revolution?	M
The University of Essex	Quantitative Methods and Finance - BE300	M
The University of Essex	Financial Modelling - BE314	M
The University of Essex	Empirical Finance - BE333	M
The University of Essex	Quantitative Research Project - SC830	M
The University of Essex	Measuring Public Opinion - GV205	M
The University of Essex	Quantitative Political Analysis - GV300	M
The University of Essex	BSc Sociology with Applied Quantitative Research	D
University of Nottingham	BA Geography	D
University of Nottingham	BA Politics and international relations	D
University of Nottingham	BA Sociology	D
University of Nottingham	BA Law	D
University of Nottingham	Msci International Relations and Global Issues	D
University of Nottingham	M1157 Quantitative methods for social science	M
University of Nottingham	M1158 Quantitative methods for social science 2	M
University of Nottingham	BA Criminology	D
University of Nottingham	Intermediate Quantitative Methods for Social Science	M
University of Nottingham	Designing and Constructing Quantitative Social Research	M
University of Nottingham	Advanced Quantitative Methods for Social Science	M
The University of Southampton	BSc Quantitative Social Science	D
